

EDITORIAL

The "Jindaleader" is brought to you with the co-operation of Centenary Estates and residents who are members of various organisations.

The aim of this newspaper is to bring news and points of interest to all residents, giving a feeling of "Togetherness" by informing what progress is being made in this garden suburb of ours.

We hope to intersperse news with jottings of social news and various activities, which will benefit all residents.

Things are happening fast here in Jindalee and we are looking forward to any support that can be given to the various organisations endeavouring to better our suburb.

Monetary help is not what we mean, there will be times when a bit of "time" or attendance at important meetings will be of immense help, and remember this - what is being done is for the benefit of ALL residents - do not sit back and let a few do all the work - hop in and help the groups help you. Now on with the news -----

PARENTS & CITIZENS ASSOCIATION. Seventeen Mile Rocks State School.

History: The Association is now nearing the closing stages of its second successful year since inception. It was formed by early residents from Jindalee who, realising that it be some considerable time before a school would be built on the estate, felt that the small local school would need assistance, owing to the influx of children from families moving to Jindalee.

Achievements: The Association has purchased many fine books for the school library, which, although small, is now quite comprehensive.

Sporting equipment has been purchased, plus a refrigerator for the school's milk supply, and many other items which have been of benefit to the school-children. Jude mats are being negotiated for, and it is hoped that classes will be starting in the near future.

Uniform: The School Uniform has now been designed and incorporated, the colours being Blue and Gold on Grey.

New School: We have been advised that a new State School is due to be built at Jindalee, with tenders due to be called during the latter half of the year.

So, Parents and Citizens of Jindalee, we need your support to assist us in continuing to give the children more of these benefits.

JINDALEE PROGRESS ASSOCIATION.

Meetings: The first Annual Meeting of the Jindalee Progress Association will be held at 3.00 p.m. on Tuesday, 13th July, at the Seventeen Mile Rocks School. All who are interested in the future of the Association and the Estate will be most welcome.

All residents of Jindalee and interested parties are extended a cordial invitation by the Association to attend the regular monthly meeting held on the second Tuesday of each month. Meetings commence at
